

Portable Sukkah setup

40x40 Sukkah

- 1) Remove frame from bag, extend frame to full position until buttons lock into place.
- 2) Press 4 side buttons to release legs, and then fully extend legs until buttons pop into place.
- 3) Attach nylon walls to frame with Velcro.
- 4) Place supports for mat on top of sukkah, and roll out mat.

4x6 Sukkah

Please note Velcro is for setup and dismantling purpose only, for holding sidebars in place.

- 1) Remove frame from bag, remove Velcro from bars, extend frame to full position until buttons lock into place.
- 2) Lock sidebars into the black clip on both sides.
- 3) Press 4 side buttons to release legs, and then fully extend legs until buttons pop into place.
- 4) Attach nylon walls to frame with Velcro.
- 5) Insert 2 wooden beams into each gold adaptor (1 piece in each end) Place supports on top of Sukkah frame, and roll out mat.

To dismantle

Make sure mat and nylon is completely dry prior to storing.

- 1) Roll up mat, remove supports, and remove nylon.
- 2) Return extended bottom legs into their frame. (4x6) remove sidebars from black clips on both sides, reattached Velcro to sidebars.
- 3) Then fold frame, and place back in bag.
